

**Pete Alexander**

Hi Everyone,

To assist your deliberations on Chapter Committee candidates, I thought it would be helpful to provide some background information on myself and my continuing interest in this role.

I joined BC Assessment in 1996, obtained my AACI in 2002, and have been involved in a wide variety of portfolios over the span of my career.

My current position is as the Manager of “Assessment Knowledge and Skills” which is part of our “Quality, Standards and Practices” Department. A primary responsibility of this Department is to facilitate the development, understanding and adoption of mass appraisal methodologies.

I have always had a strong passion for learning and since joining the BC Chapter as a founding member have served as Chair of the Professional Development Committee.

My ongoing goals as a Committee Member would be:

- To advance ideas and initiatives within the IAAO, in collaboration with other members and executive, and to establish the BC Chapter as being recognized as a highly professional body within the organization.
- To identify educational opportunities for members and work within the IAAO to improve, enhance and align professional development.

With my nomination for another term, I would like to continue to advance these objectives and move the Chapter forward.

Thank you.

Pete Alexander
