

Beau Rossel, RI(BC)

Deputy Assessor, BC Assessment

Prince George, BC

Beau Rossel is the current acting Deputy Assessor for the North Region of BC Assessment, responsible for managing, guiding and facilitating the Income, Commercial and Investment property and Farm valuation teams for the 2022 assessment roll. He has been with BC Assessment since 2007, and has served the company in a variety of roles, including residential and commercial valuation, work with the provincial modelling team as Senior Appraiser and Scrum Master, and recently in training development for the company's new mass valuation system.

Beau has completed his Diploma in Urban Land Economics with UBC's Sauder School of Business, and is designated with the Real Estate Institute of BC since 2013. His interests include collaborating with BC Assessment's Learning

Centre in developing and delivering training, working on Engagement initiatives for the North region and BC Assessment as a whole, and enhancing leadership advancements and general professional development within the company.

If elected as Vice President, Beau's priority is to continue exploring where the BC Chapter of IAAO can expand its membership, work with other organizations to further mass appraisal for equitable valuation and taxation, and identify opportunities to provide educational opportunities for those interested in furthering mass appraisal through technological advancements.
