

Mariana Janusic

Manager, Workforce Oversight, BC Assessment

Victoria, BC

I am one of the founding members of the BC Chapter being involved with building the chapter in the early stages. Since 2017 I have been the Treasurer.

My main focus has been the financial stability of the chapter. Spent wisely and keep the expenses minimal. Although still a relatively small chapter, we have supported our members by awarding a scholarship and covering fees to participate in IAAO events. We need to do more of that. If re-elected I would want to focus on initiatives that will increase our presence within the appraisal community, attract new members and financially support current members who want to experience the IAAO events.

Apart from keeping track of the chapter finances, education is one of my passions. Last year I started my journey as an IAAO candidate pursuing the CAE designation (Certified Assessment Evaluator). Becoming a candidate and having all the education recognized by IAAO is testimony of the important work the chapter is doing by removing roadblocks. If re-elected I would like to get involved in the education committee as well as focus on mentoring other members who want to pursue IAAO designations.
